PROFILE

I am Ihsas Ifthikar, a 22-year-old passionate and motivated individual with a strong background in Information Technology. I have successfully completed my Higher Diploma in IT at SLIIT and have a solid foundation in commerce from my A/L studies. I am eager to apply my knowledge and skills to grow within the IT industry and contribute to innovative and meaningful projects.

WORK EXPERIENCE

(ACADEMIC & PERSONAL PROJECTS)

Advanced Blood Donation System

Role: Full Stack Developer

- Designed and developed a complete online blood donation platform with user roles (donor, recipient, admin).
- Integrated real-time location filtering and blood group matching features.
- Collaborated with a team using GitHub for version control and task tracking.

FreshCo - E-commerce & Delivery Platform

Role: Backend & UI Developer

- Developed core backend logic including admin panel, product listing, and order processing.
- Created user-friendly interfaces and forms with validation for different user roles (manager, driver, admin).
- Managed local server deployment and database design.

Finance Tracker Mobile App

2024 - 2025

Role: Android App Developer

- Built a personal finance tracking app with income/expense logging and category filters.
- Implemented persistent storage using SharedPreferences and file-based saving.
- Created a responsive, user-friendly interface with modern material design components.
